SERMON SERIES SPRING 2007

1 Timothy - Watch Your Life and Doctrine Closely First Century Standards for Twenty First Century Life

I am always amazed that a letter or Bible book written 2000 years ago is still bang up to date today! People don't change much! We are still broken and fallen human beings needing saving and shaping by God. Paul's letter to Timothy still has the power to do this. Whether it's allowing what we believe to shape our lives or handling money right, this first century letter could have been written for twenty-first century life!

David - Shepherd and King The Making of a Man of God

David was a man after God's own heart! That's what the Bible says. But what can we learn from this Shepherd, poet, warrior, singer, general and King about how we can allow God to shape and make us the kind of Christian He wants us to be?

God's word – the Bible is brilliant. God is speaking about who He is to us. We read it and see him, but we also see us – who we really are and what we can be as the Holy Spirit takes hold of us and sows His Word into our lives.

Pastor Andrew Gardner

2 Timothy 3:16 All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness, so that the man of God may be thoroughly equipped for every good work....
