Secure in your faith Secure in your family

Summer 2007 Sermon Series

Sermon Series Summer 2007

Morning Series – Secure in your faith

There is an old joke about a father who said he would catch his son. The son jumped and his dad stepped away, “First fact of life, son,” He said, “Don’t trust anyone!”

Except it’s just not funny. Without great trust we can’t have great relationships. Great trust is vital to our Christian faith. Knowing what we believe doesn’t just give us great foundations – it leads to trusting God in everything. Our Summer sermons in the morning services will explore key basics of our faith so that in knowing God better, we will trust Him more!

Evening Series – Secure in your family

Our world changes constantly! One of the greatest arenas of change is our families and how we relate in community. For Christians this can bring huge challenges. “Secure in Your Family” is a sermon series designed to ask questions and bring challenges to modern relationships some of which bless our families and some of which challenge and change us!

Our Summer Series is designed to give an overview of what the Bible says about each topic.

6th May

- | | |
|----------|--|
| Morning: | Outreach Weekend
