**Sermon Series - Summer 2011**

## **Summer Sermon Series 2011**

### **Coming to Christ – Morning Service Series**

How do people come to Christ? Each of the stories we will look at shows us how and why the people come to Christ and how they and others around them respond.

The series also shows some of the different stages in the ongoing journey for us as His followers today that each of us need to continually address as we seek to 'Be Disciples and Make Disciples'.

### **Faith Foundations - Evening Service Series**

Why is it that the faith of some can withstand the trials and tribulations of life, whereas others crumble?

Our core passage for this series 2 Peter 1:3-8 looks at a faith built on Christ with eight characteristics that need to be built into our faith so that we will be 'productive and useful' whatever our season or circumstances.

During this series we shall be looking at scripture passages, and telling the stories that are laid out for us there as to how these principles should work out in our lives, but also one or two to avoid.

### **Loving Community**

Later on in the summer we will be looking into what it means to be a "Loving Community" as a shorter morning series.
